

Indian Summer

Do one of the following:

Place one of your shapes

Place a squirrel

Place two of your shapes

Place two shapes from your opponents*

As many times as you like:

Place a squirrel

Refill your shapes up to 5[†]

- or, if you have 5 shapes, add a sixth

To get more forage:

Put holes over the icons to put forage on the board, then complete the section to collect the forage

Place an animal shape over a matching pattern of empty holes

* Two different opponents. Unlike using your own shapes, this must be the shape next to the backpack.

† Otherwise you can only refill when you run out
